ATW COMPANIES ANNOUNCES ACQUISITION OF METALFORM

Pistol magazine technologies to enhance company's defense capabilities

WARWICK, RI – ATW Companies, a leading provider of engineered metal manufacturing solutions, announces the acquisition of Metalform, a gun magazine manufacturing facility at 555 John Downey Drive, New Britain, CT by A.T. Wall, the precision stamping and tube drawing subsidiary of ATW. The newly formed team will combine ATW's experienced, responsive engineering and fabrication team to Metalform's innovative gun magazines for world class quality and delivery to the firearms industry, from components to finished accessories.

Metalform is a wholly owned division of A.T. Wall, acquired by A.T. Wall in 2011 specifically to allow ATW to vertically integrate into the rapidly growing firearms and defense industries. Among Metalform's top products are 38 caliber, 45 caliber, and 9 mm magazines serving many of the top companies in the firearms industry.

According to Peter C. Frost, president of ATW Companies, "The acquisition of Metalform's applications will enable us to expand our offering as a leading provider of engineered solutions in metal products for defense applications. The technologies that will evolve out of ATW's metal manufacturing expertise and Metalform's defense market presence will take the combined companies to a new level of product offering and market penetration."

ATW Companies deliver custom fabrication, superior quality, and attentive customer service at a competitive price. All ATW companies strive to be accessible to customers, hit tight tolerances, and resolve complex issues using their extensive expertise and diverse manufacturing capabilities, including Metal Injection Molding (MIM), CNC machining, laser cutting, precision metal tubing, and stamping. ATW brings more than 125 years of experience working with a variety of industries and technologies, specializing in defense/firearms, medical, and superconductor technologies.

ATW Companies is the parent company of A. T. Wall Company (Warwick, RI), Judson A. Smith Company (Boyertown, PA), Parmatech Corporation (Petaluma, CA), and Proform (East Providence, RI).
